Dynamic Fire Dampers

NCA has announced that they have passed all tests and have now available Dynamic Horizontal and Vertical fire dampers up to 36" x36"

TITUS announces New High Volume Short Throw Diffuser

Lab? Animal rooms? Kitchens? Anywhere that you have the need to introduce large volumes of air without creating drafts in the occupied zone you may want to look at the New TITUS XXXXXX. This unit produces a true Hemispherical pattern thus having a short throw.

Lindab Double wall Duct

Not only does the Lindab new Double wall connection system greatly reduce the time necessary to put the duct together in the field, infrared testing has shown that due to the internal gaskets there is less thermal leakage than with conventional fittings.
