## ASHRAE Issue

### Lindab to receive AHR Award

**Lindab** has won the AHR Expo Innovation Award in the category of Indoor Air Quality. The product submitted for consideration was the SPIRO+AgION antimicrobial duct system. Winners were chosen by a panel of senior (almost as old as me) HVAC&R professionals selected by ASHRAE, who evaluated each entry on the merits of innovation, application, value to user and market impact. The award will be presented during the 2004 AHR Expo in January at the Anaheim Convention Center in Anaheim, CA.

270 Center St.—Unit F

We know of at least three companies that are now offering products with Aglon anti microbial coatings  
**LINDAB**  
**Carrier**  
**Honeywell**  
We expect to find more at ASHRAE

#### ASHRAE Booth Numbers

Titus	4540
Lindab	5010
Trox	4570
Brasch	4957
Seiho	3423
Fabric Air	3529
Firespray	8244
ALDES	3127
Gripple	7854
ICC	7650

### Green Eggs and Ham

**TITUS breakfast at ASHRAE will discuss Green building technology related to the air distribution industry. The breakfast will be held Monday, from 8:30 to 10:00 AM, at Disney's Grand Californian Resort—Sequoia Ballroom D. If you would like to attend please contact us for a ticket.**

### TROX to hold seminars on Displacement for Schools

TROX will be holding an afternoon technical seminar regarding the application of hybrid displacement units in schools. The seminar will be held at the Anaheim Marriott Suites (12015 Harbor Blvd) on both Monday and Tuesday afternoons from 4:00 to 5:30 PM. Contact us for a reserved seat.

Don't miss out on your chance to explore what promises to be an important emerging technology and tremendous marketing opportunity.

### Brasch ElectroMechanical Gas Detectors

After extensive testing of both solid state and electromechanical gas detectors Brasch has determined to only offer electro mechanical detectors for the foreseeable future. It has been shown that the electromechanical devices show excellent stability over a much wider range of temperature and humidity than their solid state counterparts. Find out how much better at the ASHRAE booth.

### Fire Spray International

Fire rated duct to be shown at ASHRAE. Get to see, feel, I don't know about test, fire rated duct at the FireSpray booth on the show floor.
