3 Lopez Road  
Wilmington, MA 01887  
Ph: 978-988-2000  
Fx: 978-988-2200

10A Morse Drive  
Essex Junction, VT 05452  
Ph: 802-879-0442

Monday @ 3:30 in the New Product Technology Theater TITUS will present the New Fantom Fan powered terminal unit. This is open to all show attendees.

Ken Loudermilk, of recent ASHRAE Boston fame, will be presenting a paper on displacement with induction for classroom applications. This will be at 8:00am, Monday February 7th.

Ken, and Chris Lawrence, will also be presenting a series of seminars regarding the following:

- Displacement Ventilation
- Displacement with induction for classroom
- Data server cooling technology
- Chilled Ceilings & Chilled Beams
- Multi Service Beams

If you would like to attend any of these sessions please contact us so we can reserve a seat for you
